

CHILD DEVELOPMENT THROUGH RUGBY

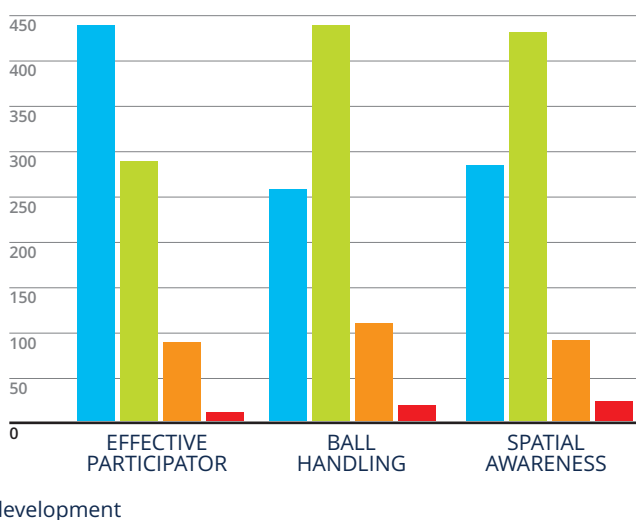

Our Schools Programme

We provide a term-time curriculum sports-development programme based on the skills and disciplines of rugby. We work with each school to achieve the greatest possible impact and enable every child to make clear progress. Development is measured by a qualitative matrix of scoring, which is undertaken at two stages of the programme. Over 900 children have participated so far, with a dramatic improvement recorded across the three areas of assessment.

START OF PROGRAMME (907 CHILDREN)

END OF PROGRAMME (907 CHILDREN)

Our programme works – but don't just take our word for it! Here's some of the feedback we've received from schools...

"A great opportunity for children to work with sports leaders and male role models, with the children learning lots of new skills – both physical and soft. The programme offers lots of opportunity for collaboration and teamwork. I think you get the message – we loved it!" **Black Horse Hill Primary**

"Rugbytots has become a valuable part of our school life. It has enabled all of the children to acquire new skills and concepts with physical endurance." **Jo Mansell, Governor**

"I could not believe what you manage to get the children to do in the time that you had. I have learnt that keeping children moving and playing is better for them. They have all learnt so much from the sessions." **Mrs Strong, Teacher**
