

YEAR 1 : Autumn 1

Foundation Homework

PICK 1 TASK PER HALF TERM

The tasks that require writing or drawing have been highlighted in yellow. Photographs or videos of you completing the task can be sent to the class email. If your child is using a device to research or take a photo/video, please ensure they are supervised.

Science

Pretend you are a weather forecast reporter. Video yourself giving a weather forecast.

History

Create a simple fact file all about yourself. Include pictures, photographs or information about yourself and your family. You can include any information about your family that you would like to share.

DT

Look at pictures of different designs of pencil pots. Choose one to draw. Label the parts if you can!

PE

Explore the difference between a wide balance and a narrow balance. Take pictures or videos of these balances.

RE

How do you think the world began? What is your favourite place in the whole world? Send in a recording of you sharing your own answer to one of the questions.

Music

Listen to a song and clap along with the beat/pulse. Record yourself doing this. You can practice first before recording.

History

What is a special event you celebrate? Draw and write about how you celebrate that event.

PE

Explore running at different speeds. Record yourself and see if you can beat your past time and run faster the next time!

Science

Create a poster about your favourite season and why it is your favourite.

PSHE

What helps you to be calm?
Create a poster about keeping calm.

PSHE

Create a poster with photographs or drawings of your family. Label who they are to you.

Computing

Online safety: Take a video of yourself describing how to use the computer safely. What rules do you have to follow when you use the computer at home?
