

YEAR 2: *Autumn 1*

Foundation Homework

PICK 2 TASK PER HALF TERM

Photographs or videos of you completing the task can be sent to the class email. If your child is using a device to research or take a photo/video, please ensure they are supervised.

Science

Research an animal and create a poster showing its habitat.

Geography

Design a home that would be suitable for living in a very cold climate, like Alaska or Antarctica.

Art

Create an artistic map of your local area, a desert island or a pathway to some hidden treasure!

PE

Practise your gymnastics- record a clip showing how you can use movement and rolls to move silently.

RE

Answer the question: How do we give thanks? You can present the information in any form you wish, e.g. as a poster or a video.

Music

Create and record your own version of a song using animal noises like Old MacDonald.

Geography

Imagine you are travelling to a very hot or very cold country. Draw what you would pack and explain why you need them.

PE

Create your own outdoor game that involves dodging and tagging.

Science

Create a model habitat using a shoebox or recycled materials. Add plants and animals that would live there.

PSHE

Draw or create a healthy meal. Label the different foods and explain why the meal is healthy.

PSHE

Be a Sleep Detective – Record bedtime and wake-up time for three nights and think about why sleep is important.

Computing

Online safety: Take a video of yourself describing how to stay safe online. What rules do you have to follow when you use the computer at home?
